

¡Bienvenido a eTwinning!

Welcome to eTwinning!

La comunidad de centros escolares de Europa

The community for schools in Europe

In 2005 the European Union created the eTwinning program. Its purpose is to favour the cultural and pedagogic interchange and promote the ICT using. This way, this kind of activities offers the opportunity of widening horizons through exchanges with foreign students and thus improving their knowledge of foreign languages and cultures.

The structure of eTwinning is based on the existence of National Services in every country of the UE. These are coordinated by the Central Supporting Service in Bruselas. So, we have the guarantee that our pupils are in touch with schools with similar interests to those we have.

¿Qué es eTwinning?

eTwinning es una iniciativa que apoya proyectos a través de la red entre dos o más centros escolares de al menos dos países europeos. Los centros crean un proyecto y lo llevan a cabo utilizando las tecnologías de la información y las comunicaciones (TIC).

¿Qué idioma tengo que utilizar?

Cuando te inscribes en el **Portal eTwinning**, puedes utilizar cualquier idioma ya que toda la información se traduce. Sin embargo, para tratar tu idea de proyecto, utilizamos un idioma de uso común: ¡el inglés!

¿Qué es el Sello eTwinning?

El **Sello eTwinning** se entrega a los proyectos aprobados por los Servicios Nacionales de Apoyo de los países de los centros escolares participantes. Los centros que presentan un hermanamiento reciben el Sello eTwinning.

eTwinning forma parte de Comenius, el programa de la UE para la enseñanza escolar.

What is eTwinning?

eTwinning is an action that supports online-based projects between at least two schools from at least two different European countries. Schools form a project and use Information and Communication Technology (ICT) to carry out their work.

Which language should I use?

When you register to the **eTwinning Portal**, you may use whichever language as all information is translated. However, when it comes to your project idea, we use a commonly used language: English!

What is the eTwinning Label?

The **eTwinning Label** is granted to projects that are approved by the National Support Services in the countries of the schools taking part. Schools submitting a partnership receive the eTwinning Label.

eTwinning is part of Comenius, the EU programme for schools.
